NARRATIVE

On Thursday, April 15, 2010, at approximately 9:05 a.m., I was contacted by Lieutenant Ramon Casaus, New Mexico State Police, Investigations Bureau in Albuquerque, New Mexico, and was advised by him to attend a meeting that day at 10:00 a.m., at the New Mexico State Police Office in Los Lunas, New Mexico. This meeting was in reference to the disappearance of Tara Calico which occurred in Belen, Valencia County, New Mexico, on September 20, 1988.

At approximately 10:00 a.m., I arrived at the New Mexico State Police Office in Los Lunas, New Mexico, and made contact with Lieutenant Casaus and Sergeant Chris Ware, New Mexico State Police, Investigations Bureau in Albuquerque, New Mexico. Lieutenant Casaus advised me that he was contacted by Melinda Esquibel who is currently in the process of making a film regarding the disappearance of Tara Calico. Ms. Esquibel grew up in Belen, New Mexico, and went to high school with Ms. Calico and felt that making a documentary of the Calico case could help bring her justice.

At approximately 10:45 a.m., Ms. Esquibel arrived and discussed this case with us. Ms. Esquibel advised us that she is currently in the process of making a documentary into the disappearance of Tara Calico. She feels that she has been followed because of her investigation into this case and that she could be in danger. Ms. Esquibel advised us that she has been in contact with Sheriff Rivera and Investigators from the Valencia County Sheriff's Office regarding this case. During this meeting she requested the New Mexico State Police Investigations Bureau contact Sheriff Rivera and offer assistance for the investigation.

After this meeting Lieutenant Casaus contact Sheriff Rivera and scheduled a meeting at Sheriff Rivera's office at 10:00 a.m., on Monday, April 19, 2010. Lieutenant Casaus advised me that he offered assistance for this investigation from the New Mexico State Police Investigations Bureau to Valencia County Sheriff Rene Rivera. Lieutenant Casaus advised me that he was assigning me as the lead investigator for this case for the New Mexico State Police Investigations Bureau.

On Monday, April 19, 2010, at approximately 10:30 a.m., a meeting regarding this case was held in Sheriff Rivera's office at the Valencia County Sheriff's Office in Los Lunas, New Mexico. The following were present during this meeting:

- Lieutenant Ramon Casaus, New Mexico State Police, Investigations Bureau in Albuquerque.
- Lieutenant Brandon Henderson, New Mexico State Police, Investigations Bureau in Albuquerque.
- Sergeant Chris Ware, New Mexico State Police, Investigations Bureau in Albuquerque.
- Agent Jay Blakeney, New Mexico State Police, Investigations Bureau in Socorro.
- Agent Kiersten Harzewski, New Mexico State Police, Investigations Bureau in Albuquerque.
- Danette Sandoval, Analyst, New Mexico State Police, Investigations Bureau in Albuquerque.
- Sheriff Rene Rivera, Valencia County Sheriff's Office in Los Lunas.
- Captain Don Donges, Valencia County Sheriff's Office, Criminal Investigations in Los Lunas.

Sheriff Rivera and Captain Donges advised us that the Valencia County Sheriff's Office has conducted a thorough investigation into the disappearance of Tara Calico and have identified three possible suspects and one of these suspects was deceased. Sheriff

Rivera also advised us that they had received information regarding the whereabouts of Ms. Calico's body. Captain Donges advised us that the county assisted the Sheriff's Office with the digging of this location. Investigators were unsuccessful in locating any evidence of Ms. Calico at this location. Captain Donges also advised us that the Federal Bureau of Investigations had assisted with this case and had an extensive file for this case.

I advised Captain Donges that I would contact the FBI and review their casefiles to update myself on the investigation.

On Tuesday, April 27, 2010, I made contact with Diana Parker at the FBI field office in Albuquerque, New Mexico. Ms. Parker provided me with the entire FBI casefile for this case which included fifteen volumes. Ms. Parker advised me that I could review the casefile and make notes but that I was not allowed to make photocopies of Special Agent's reports regarding the case.

On this day I reviewed Volume I of the FBI casefile which included the elimination of possible leads, a photograph of an unidentified female and male inside a unknown van located in Florida, and the investigation into identifying this unknown van.

On May 6, 2010, I met with Deputy District Attorney Ron Lopez, Thirteenth Judicial District Attorney's Office in Belen, New Mexico, and discussed this case with him. I advised Mr. Lopez that the New Mexico State Police Investigations Bureau would be assisting the Valencia County Sheriff's Office with this investigation. Mr. Lopez advised me that this case has been looked at by several agencies over the last twenty years and that no solid evidence or suspects have been found. He advised me that unless Tara Calico's body is found or a confession is obtained, he was not going to review this case again.

On Monday, June 21, 2010, at approximately 3:15 p.m., I met with Ms. Esquibel at the New Mexico State Police Office in Los Lunas, New Mexico, regarding new information she had received regarding this case since we had last met. Ms. Esquibel advised me that she has been followed while conducting her investigation and that she was told a "hit" was put out for her life. Ms. Esquibel would not go into details about this and could not provide me with any suspects. She advised me that she has received information regarding another possible location where Ms. Calico's remains could be. She requested I look into obtaining excavation equipment in order to dig for Ms. Calico's remains at this location.

On Friday, July 30, 2010, at approximately 10:20 a.m., I met with Ms. Esquibel at the New Mexico State Police Office in Los Lunas, New Mexico, regarding new information she had received regarding this case since we had last met. Ms. Esquibel advised me that she had spoken with several people who stated that had heard information about this case while "hanging out" or drinking with people indirectly involved in this case over the last twenty years. Some of these people were deceased and others were unidentified. This information seemed either unreliable or hearsay through several people.

Ms. Esquibel again requested I look into obtained excavation equipment in order to dig for Ms. Calico's remains.

On Monday August 23, 2010, I spoke to Sergeant Tom Christian and Lieutenant Brandon Henderson, both with the New Mexico State Police Investigations Bureau in Albuquerque,

New Mexico, regarding the investigation into this case.

Lieutenant Henderson advised me that the Valencia County Sheriff's Office was the lead agency for the investigation into the disappearance of Tara Calico and that any further investigation or digging should go through the Sheriff's Office. Lieutenant Henderson advised me not to conduct any further investigation into this case unless contacted by the Valencia County Sheriff's Office.

On Monday, September 27, 2010, at approximately 5:20 p.m., I sent Ms. Esquibel written correspondence via electronical mail regarding the status of this investigation by the New Mexico State Police Investigations Bureau.

In this written correspondence I advised Ms. Esquibel that Lieutenant Henderson advised me that any further investigation into this case to include any digging would need to go through the Valencia County Sheriff's Office since they are still the lead agency in the disappearance of Tara Calico.

(Refer to Attachment #1 for complete details of this electronic mail message.)

As of this time I have not have any further communication with the Valencia County Sheriff's Office or Melinda Esquibel regarding the disappearance of Tara Calico.

This concludes my involvement with this investigation.

No evidence related to this case was obtained during my involvement with this investigation.

All electronic mail corresponce related to this case will be maintained with the casefile.

This case is now considered closed.

A supplemental report will be completed if any further investigation into this case is conducted.

NARRATIVE

On October 1, 2013 I was assigned by acting Lt. Isaac Valerio New Mexico State Police Investigations Bureau/Albuquerque to assist with the Cold Case Task Force.

The Task Force was formed to revisit the investigation of a Missing Person report of Tara Calico from September 20, 1988.

On October 2, 2013, a press briefing followed by a case brief was held at the Homeland Security Investigations Office in Albuquerque, New Mexico.

I was assigned to assist the investigation along with Detectives from Valencia County, Bernalillo County, Albuquerque Police Department and Homeland Security Agents.

The Task Force is designed to operate from the Homeland Security Office for the next 90 to 120 days. following this time period a review will be conducted to determine it's effectitveness and any need to continue.

The Task Force will start a review of all prior collected evidence on October 15, 2013.

Any further developments will be documented by supplemental report.

NARRATIVE

On Saturday October 26, 2013, at approximately 2:16 pm I conducted an interview with Frank Methola a former Sheriff's Deputy with the Valencia County Sheriff's Department. Present in the interview was Bernalillo County Detective Mike Fisher another member of the Tara Calico Cold Case Task Force.

Mr. Methola had been dispatched to conduct an interview with a Henry Brown who stated he had information about the Tara Calico case he wanted to pass on before he died. Mr. Brown wanted to speak with Deputy Methola because he was the Public Information Officer.

I utilized my department issued digital recorder and Detective Fisher recorded the interview with a digital video recorder for the Task Force to review and document.

INTERVIEW FRANK METHOLA:

Deputy Methola said he made contact with Mr. Brown at his residence and Mr. Brown explained he was dying and wanted to get this off of his chest. Deputy Methola utilized his department issued tape recorder for the interview.

Mr. Brown explained that around the time of Tara Calico's disappearance Lawrence Romero Jr. lived in a trailer home his father had as a rental property just down the street from him. Mr. Brown explained that they had made a make shift basement under the trailer home where they would party and smoke marijuana. Dave Silva and another friend that was tall and had red hair would come to the home that Lawrence Romero, Jr., lived in and Mr. Brown would join them to party in the basement.

Mr. Brown said on one occasion they were all there drinking margaritas and making fajitas. He was in the basement with them and he had a weird feeling so he looked down and noticed in "a grave wrapped up in a blue tarp" of what he believed was a small body. He said they started talking about Tara Calico they were searching for and then they began talking about how they raped and killed her.

Mr. Brown said he knew the kids because he had worked at the school and he knew these kids smoked weed and skipped school. Mr. Brown said one of them used to be her girlfriend and one of them was jealous. They started talking about another friend that had been with them named Leroy Chavez. They started talking to him about what they had done and also warned him not to talk about it or they would come get him.

They said they were driving one of the guy's older truck that day, they all knew that Jeff Abeyta and Tara had broken up and they all knew she rode her bike down the highway.

They explained they hit her with the truck and then put her in the back of the truck with Leroy Chavez and then took her out to the gravel pits where they sodomized and raped her.

Lawrence Romero Jr. said "She got ballsy" stood up and said she was going to make sure they were all going to jail. Lawrence Romero Jr. went and got a knife from the truck and David, Leroy and the tall red haired guy held her down while Lawrence Romero Jr. stabbed and killed her. He said they drug her body and put her in a bush nearby until they got nervous when the search started for her.

He said they joked that they kept her "near-by." Mr. Brown said he believed she was

under the tarp and hidden in the grave in the basement because no one would look for her there.

Mr. Brown said this whole thing had to do with drugs. Jeff Abeyta and Lawrence Romero Jr. sold drugs and the only reason they never got caught was because his dad was the Sheriff and that he heard Lawrence Romero Jr. say that his dad hired Deputy Rivera and that "Deputy Rivera had their back."

He said "your Sheriff there is not innocent" Sheriff Rene Rivera was out asking questions at the time when he was a Deputy and they said "Deputy Rivera has our back".

Mr. Brown said they kept talking about a pond out by the property owned by the red headed guy's property out near the mountains. Mr. Brown believed they took the body out to the pond on the property.

Mr. Brown said they took the bike to the junk yard in Belen to get rid of it. He said this all revolved around the drugs. Lawrence Romero Jr. wanted that girl but she was seeing Jeff Abeyta at the time and didn't want to have anything to do with Lawrence.

Mr. Methola said Mr. Brown died a few months later but he believes Ms. Brown is still alive and living there at the corner house of La Luz next to Charlie's towing. He said Lawrence Romero Jr.'s rent house was two doors down.

Mr. Methola said when he got the report he did not know who was in charge of the case so he contacted Sheriff Rivera and was told to bring his report to directly to him. Mr. Methola said he needed to tag his cassette tapes into evidence first.

Mr. Methola said later when he was contacted by Melinda Esquibel about his report and the tapes of the interview. He was advised by Ms. Esquibel that there was a record he had taken a report but there is no report or any documentation of any tapes placed into evidence. He said Ms. Esquibel had the report number of the missing report.

Mr. Methola said he later interviewed Ron Chavez a cattleman in the area about any ponds in the area. He was advised about a red and white house with a pond in the back. Mr. Chavez also said he understood that Rene Rivera had conducted the investigation surrounding the suicide of Lawrence Romero Jr. and that he understood there had been a note left behind confessing to the Tara Calico murder but the note had been taken by Detective Rivera and not placed into evidence. Mr. Chavez did not have any evidence to prove the note had been found and later hidden but said it was widely believed to have existed.

Mr. Methola said he also interviewed a subject called Freddie Wakiki a veteran that lived in the Llano area near the mountains. Mr. Methola said he had been in the area looking for the ponds and was advised of a pond behind a red and white house. There were trees around the pond that had been cut down and the pond extended more, at the time of Tara's disappearance. Freddie believed the body of Tara Calico is buried in the pond behind this home.

We asked Mr. Methola about how his report was treated and did this affected his job. Mr. Methola said he got in a disagreement with the Sheriff when he arrested a Mexican National and was told by the Mexican that he worked for Rene Rivera. Mr. Methola said he got a call from Sheriff Rivera and was told the Mexican worked for him and he needed to

	NMNSP2113	2013-17846	N	4	4

let him go. Mr. Methola said he had already turned him over to ICE agents and if he wanted to release him he would need to contact ICE himself to get the illegal released.

Mr. Methola said after this event he was removed from all the special teams and assignments he had been on and after numerous write ups Mr. Methola said he resigned from the department.

Mr. Methola provided directions to the home with the pond in the back that has a green fence around it. He said the home is about 4.5 miles from the road between the High School and Las Maravillas on the Manzano Expressway. There are trees near the pond behind the home.

Mr. Methola said he believed the family that owned the home had an Irish sounding name but he could not recall what it was.

Mr. Methola said during his investigation of this report he always heard the names of the three young men Mr. Brown had given him, but had not obtained any solid evidence.

NARRATIVE

On December 18, 2013, I was contacted by New Mexico State Police Investigations Bureau Lieutenant Isaac Valerio and advised that New Mexico State Police Uniform Bureau Lieutenant Matt Romero in Socorro had a contact with information about the Tara Calico cold case. Lt. Romero provided contact information for Donald Dutcher.

I contacted Mr. Dutcher and scheduled an interview in Los Lunas the next day after 3:00PM when Mr. Dutcher was available.

On December 19, 2013 I assisted Albuquerque Police Department Detective Janette Kimberlin with the interview of Donald Dutcher at the Los Lunas State Police Office. I utilized my lapel video camera and my department issued digital voice recorder. Present in the interview were Mr. Donald Dutcher, Detective Janette Kimberlin and myself, Ray Downs with Homeland Security was in an adjacent office to listen.

INTERVIEW: DONALD DUTCHER

I began the interview with introductions and then asked Mr. Dutcher to tell us what had brought him to reach out to speak with us.

Mr. Dutcher stated he had lived in New Mexico for all of his life and was familiar with the two boys involved in this "accident" and he also knew the girl Tara Calico. When he found out that she was gone and they were missing, He stated he had gotten into some trouble and sent away to do his time in Texas and when he came back there was still no resolution to the case and he had known the family for a long.

When one of the last gentlemen involved that had passed away spoke to him, he was a known drug user and he spoke to him right before he died. He said "Tara Calico talks to me at night, she asks why we did it? She asks why buried out there?"

He said he was "Freaking out because of that" he said he told him "they buried her out by the green lagoons by the rock quarry out on top of the west mesa".

He said it "s a pond of water and he had heard a Psychic had said she was by the water and he put two and two together" "green lagoons and ponds, water"

I clarified it is up on the west mesa, he said it is up Camino Del Llano you go all the way up and it's on the top of the mesa he had never been there so he could say exactly where it is at, but he said it was by the green lagoons.

He said Lawrence Romero was one of the ones involved and Charles Houghton was the other one involved and he didn' know the names of the other two gentlemen involved but all four of them are dead now, they are all gone, and there is nothing they are going to say.

He said that was his story its "off the wall, but that's the story". He said he just heard another lead from one of his friends that on Hwy. 47 about a quarter mile past the All sups there is a trailer by his wife's uncle that there was a lady saying she has Tara Calico's body in a freezer at her house. He heard there were three guys living in the back they did what they were going to do to her and then put the body in the freezer. The lady said she had one body in the freezer and she wasn't afraid to put another one in there.

I clarified that his friend he had talked to was Charlie Houghton before he died in about 2000 he believed. He said he shot up with heroin at the Auto Zone. He said one of the other guys got run over by a truck. He heard Lawrence shot himself while playing Russian roulette. I asked if he knew anything about that and he said he had just heard second hand the word around town. I asked if he knew the names of the other guy that was there and he said he did not know.

I asked if he had been familiar or friends with Scott Cunningham or Lawrence Chavez. He said he did not recognize those names, he would be better with faces.

Detective Kimberlin asked during the time Tara was abducted who he had hung out with? He said he didn't hang out with anyone specific he would hang out with everyone. He would park his truck in front of his friend's laundry and people would come and hang out. We asked who his friend was and he said Michael Saiz who had passed away.

I asked when Charlie told him they had killed her if he ever spoke about the details of what had happened that day. He said he never did. Charlie was hyped up on heroin most of the time. I inquired who had gotten his heroin from and he said he didn't know. I asked if he used during high school and he said he just was a drunk. They mostly just smoked weed and got drunk. Det. Kimberlin inquired where they would go to party and he said they sometimes would go to the "B" or out by "the trees" or the "87 pits".

Det. Kimberlin asked if he was familiar with Carmen Candelaria. He said yes he knew Carmen. He said she used to live in Los Chavez he knew her brothers, she knew the Saiz's he heard she moved away when he moved away and he believed she had passed away.

Det. Kimberlin asked if he had heard if she was ever involved in Tara's death and he said he had not ever heard anything about that. She asked if he ever partied with her. He said he would talk to her but not that much because he was friends with her brother.

Det. Kimberlin asked if he had ever partied with Jake Saiz and he said he had. Once they got in a fight behind the red carpet. I asked if he knew where Jake had lived during that time. He said Jake lived with his parents until he was older. He found a girlfriend and had some kids until they split up, he had moved to Albuquerque.

I asked if he knew Johnny Padilla and if he was in that group. He said he did know him he was in the Los Chavez group. I asked if he had heard if he was involved in Tara's disappearances. He said he had not. Charlie had not named any names. He said Charlie had a girlfriend and was not around and then he got with another girl who had children that Johnny had molested so after that he had no contact with him, and that had probably been twenty years ago.

Det. Kimberlin asked if he ever got on facebook, he said his wife Monica Maestas did. She asked if he had heard of a site called "remember when" he said he had heard of it, there was one called remember when in Belen and one called remember when in Los Lunas.

Det. Kimberlin asked if he had ever heard of any threats made on the website about the Tara Calico case and people should keep their mouth shut. He said he had not. She asked if his wife logged onto facebook with his name and he said no, she uses her own account. He had not heard of any threats on facebook. She asked if he had heard about where the bike was and he said his opinion it would be out where she was buried at the green lagoons.

I clarified again the directions to the quarry and he drew a map for directions. I tried to clarify where out there she was, was she in the water or buried out there. He said they said "buried" her so he thinks she is buried in the ground. I tried to clarify any other details about that he began to back off the fact that Charlie had told him she was buried out there and began to say that he just thought that because of what the . Psychic had said about her being near water.

We asked again if Lawrence was with him and he said yes Lawrence was with him but he did not know the name of the other two gentlemen. She asked Jake maybe and he said no not Jake. I asked again if he knew Scott Cunningham or Lawrence Chavez and he said no. We asked if he knew a Kenny Chavez they called "Red" and he said he did know a Kenny Red who was a drunk around town. He thought he was a security guy for Allen Douglas construction. He said he did not know if he was a part of that group.

I asked if he knew any Hoffines and he said he knew Heath Hoffines and Donna Hoffines. I asked if they were a part of that group and He said they hung around with the cowboys so they were not real close to them.

I asked if they were younger or older than him when Tara graduated. He said he is 46 and she would be 42. We asked if he knew her and he said he did, they went to school together because he got held back a year in school. Det. Kimberlin asked if he ever partied with her and he said no he never had she was not the "party type" she would go home to do her homework and take care of what she had to do.

I asked if he was familiar with Jeff Abeyta when she was dating her. He said he knew Jeff Abeyta but did not know they were dating. He was not aware they had recently broken up. Det. Kimberlin asked if Jake Saiz had ever dated her and he said he did not have any information about that or even if he liked her.

I summarized what he knew about her disappearance was what Charlie had told him. He said Charlie had killed himself "took the easy way out" He said he thought he did it to escape the voices.

Det. Kimberlin tried to clarify again that Charlie had said she was buried at the Lagoons and he said Charlie was just freaking out because Tara was asking him why they killed her. There is no actual set in stone yes the body is buried here. He is just putting two and two together about the water.

I clarified we are familiar with the group but are looking for any information about where the body might be buried so the family can have some closure.

We asked if he still had any contact with anyone in the group, Donald said he still talks to Jake when he sees him at the hospital where he works and he had talked to him when Jakes parents died.

We clarified he would be willing to talk to us again if we needed it? And he said yes he would. I advised we are trying to find some closure for the family and he said that was why he wanted to help.

He said he is familiar with the Doel family because his father in law used to work with Tara's mom.

We talked about some of the other people involved and he said he had heard the ex-sheriff Lawrence Romero had been involved and that also Rene Rivera had something to do with it.

During this time Det. Kimberlin was receiving text messages from Ray Downs the Homeland Security computer information member of the Task Force. Mr. Downs was requesting information on a list of people he found of interest as he provided Intel information for the Task Force. Det. Kimberlin asked if he knew a Jerry Butler or a Robin and he said he did he was Jimmy Jack Butler's cousin. He was a person that does dope and didn't know him very well. He knew his brother Dean had hung himself, and he believed he had hung out with Charles Houghton.

We asked if he could think of anyone else we should talk to. And he said no. Det. Kimberlin asked if Jimmy Jack was still around and he said yes he lived in his Dad's house down in Belen by Anna Becker Park, he is about 44 or 45 or so.

Don asked again about Scott Cunningham and clarified he had not heard that name before. Det. Kimberlin asked again about the Hoffines but he said he did not know if they hung out with him.

Det. Kimberlin asked if he knew Manny Lovato and he said yes he did, he went to school with his older brothers and Manny would hang around. I asked if he thought Lawrence Romero Sr. would talk to us and he said "he wouldn't say nothing". He is dirty and always has been dirty like Rene Rivera, He believes they have always been dirty but nothing he could prove.

Det. Kimberlin asked if he was aware there was now a money reward he said he was. He said he was into this for the closure for the family. "The money would be nice" but he would like a place the family could go like a grave site or something.

Donald said he would ask his wife about the facebook thing, but he had not heard about it. Det. Kimberlin asked if Hoffines ever hung out with Jeff Abeyta and he said not really other than just to party. She then asked about Ruthie Rivera and he did not know her.

This completed the interview.

CONCLUSION INTERVIEW

Det. Kimberlin and I both provided Mr. Dutcher our business cards and asked if he heard anything further to please contact us.

On December 19, 2013 I received an email from Ray Downs that stated to contact him asap. Mr. Downs said he had received a call from Manny Lovato asking why we had mentioned his name in an interview with Donald Dutcher. He was afraid Mr. Dutcher had been told that Manny had provided information on the case. Mr. Lovato said as soon as Mr. Dutcher got out of our interview he had contacted Manny and told him he had been drug in for an interview and that Manny's name had been brought up as a suspect.

We clarified for him his name had not been brought up as anyone that had given information and that Manny had contacted us to provide info, we had not sought him out.

The Task Force is now concerned that Donald Dutcher who came in as a cooperative subject is now calling the people we discussed to tell them they are targets in our investigation.

On December 20, 2013 I drove down Camino Del Llano to the Marble Quarry Rd. and across the Rio Puerco to the Isleta Pueblo land located west of Belen. I came into contact with Fransico Chavez doing cattle guard repair, he advised the quarry was still several miles down the road and that a four wheel drive vehicle would be needed to go into the area, or at least a truck. He contacted his supervisor Martin Abeyta the superintendent for work in the area with the pueblo. Mr. Abeyta said he would contact me after Christmas before New Year's and take me around the area. I advised we would like the investigation to be kept confidential and he advised he understood.

TASK FORCE						
SYNOPSIS The following supplemental report documents my assistance to the Cold Case Task Force and the forwarding of a tip recieved through the State Police Facebook page.						
NARRATIVE <p>On April 23, 2014, I was assigned by Sergeant Tom Christian, New Mexico State Police Investigations Bureau/Albuquerque to follow up on a tip that had been sent via the New Mexico State Police Facebook account.</p> <p>The tip came from an individual named Mike Wingo and appeared to be a disorganized rambling. The subject did mention a person of interest to the Cold Case Task Force formed in October of 2013.</p> <p>I had been assigned to the task force from October 15, 2013 through January 15, 2014. I was familiar with some of the names that had come up in several different theories concerning the disappearance and death of Tara Calico.</p> <p>I had been out of touch with the task force for three months and I actually thought the time for its existence had expired and the detectives assigned to it would have been sent back to their departments or prior assignments. I felt it most prudent to run any developments through the task force since I had returned to my prior assignment and was not aware of the current investigation if any the task force was pursuing.</p> <p>I contacted Detective Mike Fisher with Bernalillo County Sheriff's Department who advised they are still actively involved in the task force and he connected me by conference call to the other two members and we discussed the information provided by Mr. Wingo.</p> <p>I forwarded by e-mail the tip and contact information from Mr. Wingo to Det. Mike Fisher and he advised the task force had two other pressing lines of investigation at the moment, but as soon as they could contact Mr. Wingo they would and then advise me of any developments that may have come from the tip.</p> <p>This completed my involvement in the forwarding of a facebook tip received by the State Police to the Cold Case Task Force for Tara Calico.</p>
